

Group Will Review Stony Creek Data

Reviews of the "Stony Creek Wild and Scenic Rivers Study," released by the Department of Environmental Resources in January, will be presented at two meetings sponsored by the Stony Creek Valley Coalition.

The first meeting will be held at the Allan Mund College Center at Lebanon Valley College Thursday at 7:30 p.m. The second review will be held at the Harrisburg Area Community College Tuesday at 7:30 p.m.

Highlights of the study deal with the recreation, history, and plant and animal life in the Stony Creek Valley. The study considers the possibility of including Stony Creek in the Pennsylvania Scenic Rivers System.
